

Sukhvinder singh

Full Stack Developer

Email: monudhaka829@gmail.com

Mobile : 9306922645

A dedicated Full Stack Developer with a solid foundation in web development, specializing in UI design, HTML, CSS, JavaScript, React, and Next.js. Proven ability to create responsive and user-friendly web applications. Skilled in translating user requirements into functional, high-quality code. Adept at collaborating with cross-functional teams to deliver optimal software solutions.

Professional Experience

TENC Coding Campus & AI Technology | Hisar, India
(feb. 2024 – Till now)

- Developed responsive user interfaces and full-stack applications from scratch, ensuring optimal performance and usability.
- Built and integrated RESTful APIs to streamline data flow between frontend and backend systems.
- Designed and maintained database schemas using MongoDB and SQL for scalable and efficient data management.
- Collaborated with cross-functional teams to meet project requirements and deliver innovative solutions.

Key Skills

- HTML
- CSS
- JavaScript
- Tailwind
- Bootstrap
- React
- Next.js
- API integration
- REST API
- Github
- Node JS
- Express
- Mongo DB
- SQL

Journey

I began my journey into web development by mastering **HTML**, **CSS**, and **JavaScript**, building a strong foundation in frontend technologies. To deepen my skills and knowledge, I pursued a **1-year Diploma in Web Development** at **Infowiz Pvt Ltd** (December 2022 – December 2023), where I learned to design and develop responsive and interactive websites.

After completing my diploma, I joined **TENC Coding Campus** in **October 2023**, where I have been working as a **Full Stack Developer**. Here, I honed my expertise in modern frameworks like **React** and **Next.js** and expanded my backend capabilities with **Node.js**, **Express**, **MongoDB**, and **SQL**.
